

Can I request accommodations?

We are committed to meeting the needs of each individual camper to ensure an accessible, inclusive, and engaging learning environment for all.

Learning and medical accommodations are managed on a case by case basis. Please review our Camper Essential Eligibility Criteria and reach out to summer@missporters.org for further conversation about the best fit for your camper.

We encourage our families to send their campers to camp without these devices. Campers who do bring personal electronic devices will be asked to turn them in during registration or upon arrival: items will be safely stored until the end of camp.

Do you offer financial assistance?

At this time, we offer a limited amount of financial aid to campers applying to Camp Ivy. The application for financial aid will be available when registration opens and applications are due by March 1, 2027. We do not currently offer financial aid for Daisy Days, Leaders in Training, and Summer Explorations.

Families registering more than one sibling are eligible for a sibling discount; we offer a 10% discount for the second registered sibling, which will be automatically applied. This discount extends across all Miss Porter's School Summer Programs. Higher price prevails.

What should I send my campers to camp with?

We encourage all campers to wear comfortable clothing and bring a small backpack to camp each day filled with a water bottle, sunscreen, closed-toe shoes, a hat or visor, and sweatshirt for cool indoor areas.

Campers attending Camp Ivy and residing on campus with us will receive a packing list leading up to camp.

Can I send my camper with snacks?

Camp provides daily snacks for campers. Families may choose to send additional snacks if they wish. Please ensure that any snacks brought from home are nut-free.

What is the payment schedule and policy for cancellations?

We require a non-refundable deposit of \$500 per program, per participant upon registration. The full registration fee is due by May 31.

We hate to see you go, but understand that plans change. Should you need to cancel your registration, please reach out to summer@missporters.org to start the process. Please note that registration is refundable, minus the deposit, up until June 15; no refunds will be processed after June 15.

How are medications handled at camp?

We recommend that campers bring only medications that are medically necessary. All prescription medications and any over-the-counter medications must be dropped off to the Director of First Aid at the start of the camp session along with a parent and physician signed Medication Authorization.

Medications must be:

- Supplied in original pharmacy packaging
- Clearly labeled with the camper's name, prescribing provider, dosage, and instructions
- Product(s) may not be expired

With the exception of approved emergency medications, campers may not keep medications in their rooms. All medications are stored securely and administered by a certified Director of First Aid.

Any unused or discontinued medications will be sent home with the camper at the end of the program.

Please reach out to the summer@missporters.org to be connected with our Director of First Aid to review our medication protocols.

What are the vaccination requirements for camp?

Miss Porter's School follows Connecticut state law requiring campers to be up to date on required childhood immunizations. Documentation of required vaccinations must be submitted prior to camp. Please review the [State of Connecticut Department of Health Immunization Requirements](#).

Annual influenza and COVID-19 vaccinations are strongly recommended for all campers and staff. Families who choose to defer either vaccine should indicate this status on the registration form.

Medical exemptions may be granted when vaccinations are contraindicated due to a camper's medical condition. Exceptions are not made for philosophical objections. Families should contact summer@missporters.org as soon as possible to discuss exemptions.
